

ABOUT ESSENTIAL

Essential Energy Services Trust provides oilfield services to oil and gas producers in western Canada related to the ongoing servicing of producing wells and new drilling activity.

Defined Strategy

Essential provides core oilfield services that are vital to Canadian oil and gas customers.

Low Debt

At September 30/09 long-term debt was \$14.3 million and debt/EBITDAS (TTM) was 1.05x.

Prudent Cost Management

Significant cost reduction measures have been implemented in an effort to preserve operating margins and remain competitive.

New Services

Essential recently introduced its multi-stage fracturing service and deep coil tubing rig.
